

CHINMAYA VIDYALAYA SR SEC SCHOOL, CHENNAI - 92

ACTIVE LEARNING METHOD

DATE: 20/08/2024

VENUE: DIRECTOR'S OFFICE, HARRINGTON ROAD

DAY: TUESDAY

TIMING: 9:30 AM TO 3:30 PM

DEPARTMENT: ENGLISH

FACILITATOR: MRS. PREETHA

LEARNING OBJECTIVES:

- Teachers will acquire knowledge of activity-based learning strategies and implement these strategies to enhance student engagement, foster a deeper understanding of content, and promote collaborative skills in the classroom.
- Teachers will be equipped with practical methods and tools for incorporating activity-based learning into their lessons, thereby increasing student participation and comprehension.
- Teachers will gain the skills to design, implement, and evaluate activity-based learning experiences that enhance student engagement, critical thinking, and collaborative skills across various subjects.

CONTENT:

- The session began with a prayer, followed by the facilitator explaining the importance of activity-based learning (ABL) and its emphasis by NCFES for the Pre-Primary and Primary levels.
- The facilitator also explained how activity-based learning benefits teachers.
- The facilitator clearly described how a single topic can be taught through various activities, resulting in the holistic development of children.
- Several activities were shared by the facilitator, including:
 - ✓ Vocabulary Bingo
 - ✓ Grammar Family
 - ✓ Emoji Story
 - ✓ Run, Read, and Dictate
 - ✓ Hop to Frame Sentences
 - ✓ Cough Reading
- The second half of the workshop was dedicated to the teachers to apply the learning acquired from the first half. The teachers were asked to create activities for their respective class and give an explanations about them. They were also asked to explain the learning outcome and the skills developed from performing the activity.

LEARNING OUTCOMES:

- Teachers will create learning environments that increase student participation and enthusiasm through interactive and hands-on activities.
- Teachers will guide students in applying theoretical concepts through practical activities, leading to a better understanding of the material.
- Teachers will become proficient in using educational tools and resources that support activity-based learning, such as digital platforms, interactive software, and classroom materials.
